

## Those In THE LIBERAL "MEDIA" Are Bewildered By American Tradition And History!

**T**here are too many in America today who talk incessantly (especially those in the so-called "liberal media on television") about how our country WAS back in the 1950s and 60s. They have NOT A CLUE what they are talking about -- because they didn't LIVE IT! And the "education" that most of them are well too fond of, has never appeared to include very much ACCURATE American History!

One of the things that our father taught us that has stuck, is: "When you write about something, make sure it is something that you KNOW SOMETHING ABOUT!" (Or, can FIND-OUT about). We are bewildered by those to whom we just referred, and it does not seem to us that they have a handle on very much AMERICAN -- especially NOT ACCURATE American History! Mind what you refer to as "REVISED." Especially when you are wrong!

We can't very well write about them accurately because there does not seem to be much of anything "accurate" to be learned about them. They "rattle" like an old car, and they make about as much sense as the old tin can that we used to kick down the dusty road in our Summertime.

The only thing that we seem able to learn about the ultra-liberal-media-left is that they make very little sense; seem to have a handle on not-much-of-anything; are easily flustered; and if they are NOT led by idiots, then -- ON THEIR OWN -- they don't seem very good at what they do.

If they WERE "led by idiots" they would be much improved over what they presently do, say, think, and QUACK! Pathetic, or what?

The only reason that it matters to us -- (what they think, and QUACK), is -- that repeated IDIOCY has a tendency to stick with some folks. And some of those folks (that it sticks with) are people who SHOULD be "red-blooded" American citizens willing to fight for their FLAG, their FAMILIES, AND their COUNTRY! "Respect" knows no age, nor bounds. Talk is cheap!

On a VERY daily-basis, if those would-be messengers find that you believe in The Constitution, in our System of Government, in the Liberty and Justice that we declare as part of our BEING -- they will do their best to steer you away from what they consider as "foolishness," and they will frantically

try to expose you for the threat that you appear to them, to be: **A LOYAL, LEGAL and GOD-FEARING AMERICAN CITIZEN!**

## IF WE ONLY UNDERSTOOD OURSELVES, AND OUR NEIGHBORS -- BETTER!

**W**hy is the American "culture" desintegrating before our very eyes into a mix of humanity that seems unable to function (together), for ANY reason? Some -- we note -- believe that too much of everything, tends to make us callous and indifferent. What happened to cultural and honest?

Even (and possibly) if you believe that -- how do we break it down where we might understand ourselves. . . and our FELLOWS?

This sphere that we are obliged to occupy (together) keeps turning -- and if it changes at all, it is because of Mother Nature at the direction of The Good Lord -- NOT MANKINDS' FOLLY!

Our plenty, in our time, (which we mention above) is clearly to our disadvantage unless we recognize from whence it comes, and just how The Good Lord intended (even EXPECTED) how we should (and might) manage that which He has -- either, provided or graciously and generously allowed.

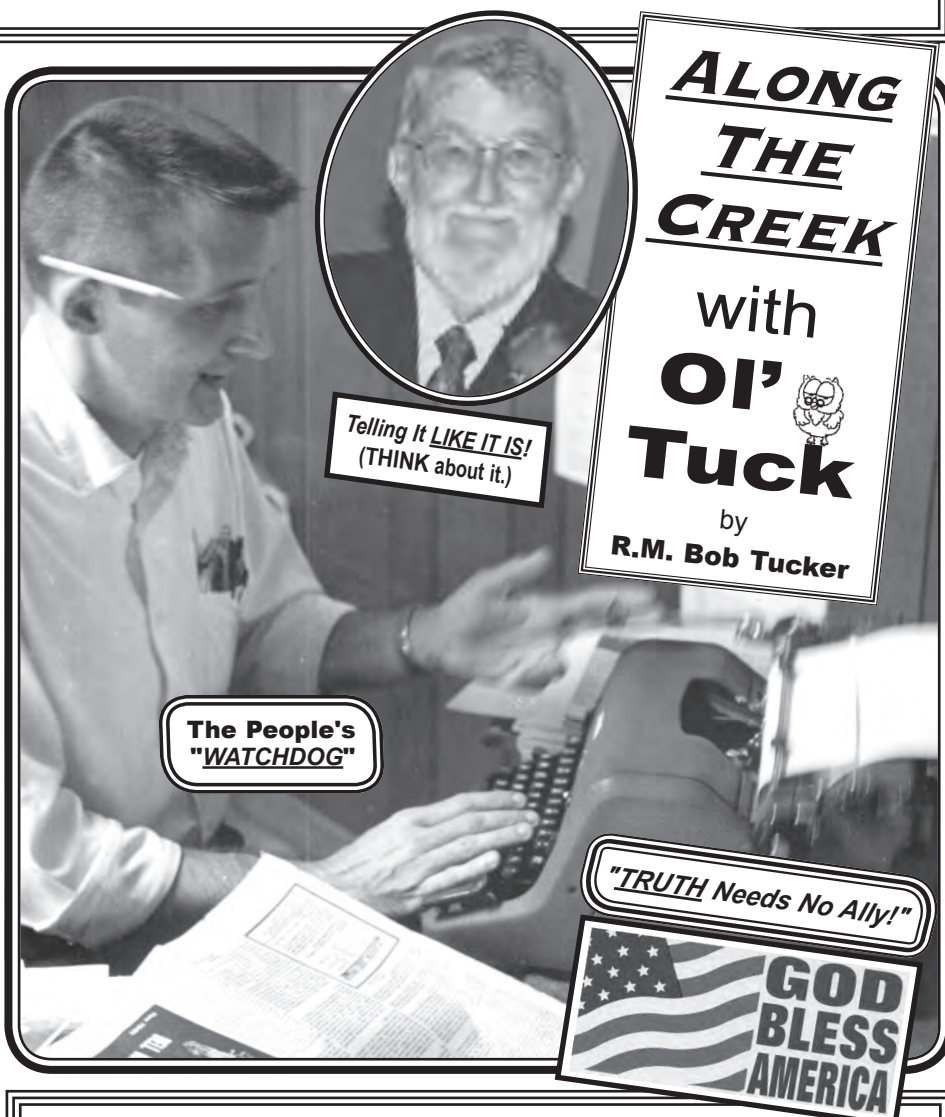

Too fast! Too much! Too many (if we don't watch out). How are we supposed to adjust in a world that is so fast -- and SO (deliberately) DIFFICULT for us to "figure out?"

Slow down! Smell the roses! That is good advice, but difficult when the entire universe seems to be spinning out of (our) control -- and we cannot SEE the future.

Think about it! we (you) are not supposed to "see the future." That was not in THE DESIGN from the beginning. We must live in OUR time, and within our own relationship with Our Maker -- (ourselves, and each other).

We have a tendency -- in our state of social and individual desires and wishes -- to make things more like we want them to be. That. . . neither -- is in the DESIGN.

The FAST and furious pace in which we live today, will not allow very much pausing and reflecting. The ONE thing that mankind has been able to influence is -- THE SPEED -- of our pace. It has outdistanced (seemingly) our ability to understand either ourselves -- or those around us. We make TOO MUCH of what is implied in our culture, as PROGRESS -- and we fail to define and comprehend "PROGRESS!"

I PLEDGE ALLEGIANCE to The Flag of the United States of America, and to The Republic for which it stands; One Nation, UNDER GOD, indivisible, with liberty and justice for all.

## GENERATIONAL "PROGRESS" IS DETERMINED BY EACH NEW ROUND OF THE YOUNG WHO LIVE IT!

**W**hen I was growing up in the country, younger generations had to learn how to be adults at the whys and wherefores of the older generations. For some reason that I do not fathom, ALL generations today have a "fix" about them that -- according to today's culture -- makes them all equal in terms of influence and learning. From a civic and cultural standpoint that is confusing on the face of it -- and it is VERY confusing to the adult generations brought-up to be, and are bewildered by the changes.

Coming into today, we have "millennials" and "post millennials" as each of those different generations (ranging from six years to 21-34 years). try their best to treat those new beings as though they already have brains and benefits that do not seem (in reality) to exist -- or, are deserving.

What I refer to here, of course, is the "growing-up" stage in life, or the "learning plane" if you prefer it. Whatever you prefer, it is real, necessary, and LEARNING is important to all the different ages of humanity on earth.

Most of us -- who grew up before the existence of "millennials" -- had certain lines that we had to acknowledge as being "adult" when we were not. . . adult!

The new generations, for whatever the reason, do not seem to be hindered or held accountable for a lack of being taught, learning or understanding.

The new cultural "norm" is to let it all hang-out; do as you please (when you please); and, AGE itself is an old-fashioned barrier that no longer exists as a guide to adulthood. Boy, do THEY have a lot to learn. Meanwhile the rest of us remain confused.

Realizing the different times in life that you see LEARNING take place in the young, makes you wonder how our culture expects to go forward -- when we allow the wheels of what we call (or allow to be called) "PROGRESS" to take the forms that it does today. That which they call "Young Progressives Today" allows the notion that they are MATURE enough to take on whatever the problem, and whomever creates it.

It certainly remains to be seen if the YPT's are as "PROGRESSIVE" as they would have you believe. It very likely comes down to an understanding of what is "PROGRESS?"
